Education

University Stockholm

B.A.A-Bachelor of Business and Administra8on Finance

Apr 2018 - Jan 2020

Work Experience

Frontend Engineer

Quinyx AB • January 2022 - Ongoing

- Developing a SaaS platform with React/TypeScript that is being used by many big companies, such as Mc'Donalds, Burger King, SATS and more.
- Working with a variety of different languages, platforms, frameworks, and content management systems, such as JavaScript, TypeScript, React, Lokalise and Storybook. We use these frontend development tools to build complex scheduling solutions and exceptional digital experiences.

- Communicate with multi-disciplinary teams of engineers, designers and product managers on a daily basis

Software Engineer

Itchy AB • October 2020 - January 2022

- Interfaced with user experience designers and other developers to ensure thoughtful and coherent user experiences across Itchy´s mobile and web applications.
- Worked on the whole tech-stack from react-native frontend to python backend followed by an S3 AWS bucket.
- My main focus was working on the frontend application, but I also worked on server development when needed.

Frontend Developer

DING AB • January 2019 – October 2020

- Developed and maintained code for in-house and client websites primarily using HTML, CSS, Sass, React Native and React.
- Manually tested sites in various browsers and mobile devices to ensure cross-browser compatibility and responsiveness.
- Worked on an application that has sold over 250 000 times on app store.
- Clients included Convini AB, Odd Molly and Lyft and more.

IT-Consultant

Academic Work • January 2018 - December 2019

- Interfaced with UX-designers and other developers to ensure thoughtful and coherent user experiences across AW platform.
- Worked with a client for a scale-up company managing their database in SQL.

PROJECT MANAGER

ATB • January 2017 - December 2018

- Project management in construction. Starting projects, building strategies and action plans. Documented every part and followed the project until it was finished.

TAX ADMINISTRATOR

Skatteverket • January 2015 - January 2017

- Worked at Skatteverket in Kista as a tax administrator. Helped clients with all kinds of taxation administration. Worked in a team of around 12 people with one manager.

PRIVATE ADVISER

Swedbank AB • January 2012 - January 2015

- Worked at Swedbanks headquarters in Lilla Essingen as a private adviser. Helped Swedbanks customers with their pensions and daily savings.

Projects

My Convini

This project was a big project handling everything from BankId identification and forms with form validation. It included implementing user registration. I also created a custom guide for registering different payment methods.

Stockholm ArtWalk

Stockholm Art Walk is an art guide along the Stockholm metro. I developed the art walk app with React Native. Today, it is one of the most popular Stockholm metro apps with over 250 000 downloads. It included implementing an audio guide player, downloading and streaming.
